

PRAISE REPORT

Sunday, October 9, 2016

Today was another “GOD” day at the Community Center. We had over 40 people attend the church service. Ever since the Baptism last month, we have been doing a sermon series about “PRAYER.” The series included:

- * The purpose of prayer
- * How to pray
- * Why we pray
- * When we pray
- * The impact of prayer

Today, our Sunday Service was a prayer service. We formed a large circle. I began with prayer and then opened it up for anyone else to pray. The prayers lasted for more than an hour with over 25 people participating in prayer. Those praying included our volunteer staff, homeless youth, and ex-offenders who now regularly attend our church. Several of the youth who prayed, had never prayed in public before. Many prayed openly about their pains, their needs and prayers for others in need. It was a giant step in their growing faith!! As a whole, the congregation took a powerful and giant step forward in their faith and in becoming “A Family in Christ!”
