Steve

Cave of the Winds

Monument Falls, CO

Dear Steve:

I want to thank you for working with Jerry Cardwell and allowing me to bring 21 homeless youth to the Cave of the Winds. These youth, who live on the streets of Denver, who chose the streets over their abusive homes, who have turned to drugs and alcohol to forget the harsh realities of their life: for a short time were able to escape, through the beauty, the adventure and the natural wonders of Cave of the Winds.

Your staff was exceptional!!! In spite of the youths' sometimes loud, rough language and their impolite attitude, your staff was always very caring, courteous and helpful; challenging them to try the various adventures you offer. At first they were skeptical, but soon were enjoying it all. They were unanimous that their favorite adventure was the Terror-Dactyl!!!!

Twice a month, we take the youth on various mountain adventure trips; from climbing waterfalls, to tubing rivers, to cliff jumping, to hiking. Through these trips, by allowing them to discover the beauty and wonder of GOD's creation, they come closer to building a relationship with GOD. The beauty and adventure offered at the Cave of the Winds helped them grow closer to GOD. The youth voted the Cave of the Winds as the best trip they have ever taken.

Thank you again for your generosity and compassion. I have enclosed Thank You notes from the youth and a tax receipt for \$1,800.00, the value of free passes and rides you provided.

GOD Bless,

Skip Starr
