

PRAISE REPORT January 28,2016

Last week, I sent an e-mail about Salima Jandahli, requesting help in replacing her car, which had been totaled in an accident, where she had been rear-ended by a driver with no insurance. I sent the report at noon, and then left for some ministry related meetings. I returned home at 6pm and immediately checked my e-mails, hoping for a response. Praise GOD!!!! Two hours after I had sent the e-mail, a regular supporter of Refuge City Ministries replied, saying he would fund the purchase of a car for Salima and all tax and license costs!!!!

Friday, I found a car and had it totally checked out by another supporter of the ministry, Dave, who owns a Midas Muffler on South Broadway. The car checked out fine. Dave also indicated that if there were any problems, he would do the repairs at no cost. The next day, Salima came to town, and that afternoon, proudly, with tears in her eyes, drove back to college in a car, much nicer than her previous car.

This is an example of what a "Christian Community" is all about. It is more than just worshiping GOD together. It is also about coming together to help those in need. I thank you all for your prayers and ask that you continue to pray for and support Refuge City Ministries.

Thanks and GOD Bless,
