

PRAISE REPORT MAY 9, 2020

**This afternoon Josh received his test results and they came back negative, meaning he does not have the Caronavirus!!! Thank you all for your prayers!!!
GOD IS GOOD!!!!**

PRAYER REQUEST APRIL 30, 2020

This afternoon, we learned that Josh has been exposed to the Corona Virus, through contact with one of his coworkers on his construction sight!! He has had minimal contact with the known carrier and currently shows no signs of the illness.

I first met Josh four years ago, through our Bible study at the ACTC halfway house. Through our Bible studies and the Sunday services at Cherry Hills Community Church, he has become a strong member of our ministry.

Through our joint programs with ACTC and the homeless youth, Josh became a close friend with Carissa, Osiris' mother. They have lived together for over a year. Osiris calls Josh his "Daddy!"

Josh has three children by his first marriage. Though divorced for over two years, he has always paid his child support and regularly spends weekends with his children. He is a strong Christian father, regularly attending CHCC Sunday services, always bringing his three children and Osiris!!

Preventive measures have been taken. Josh remains in the rental house, but Carissa and Osiris have temporarily moved, to protect Osiris, as he has a very weak immune system. His three daughters will remain with their mother, with no visitation, until the doctors give the Okay!!

I ask that you pray for:

- **Josh's continued good health**
- **Josh's fast and complete recovery, if he becomes infected**
- **GOD to put a hedge of protection around Carissa and Osiris**

Thank you and GOD Bless,

Sklp
