

PRAISE REPORT MAY 22, 2020

Every Thursday night, for several years, we have held a Bible Study, our Sectional Community Planning Session, Prayer and dinner at our Community Center. This night was very special!!!!

Shila, who you all know as the young woman who has been fighting cancerous brain tumors, severe pain, and other minor illnesses announced that all was well!!! There was no pain! The tumors had stopped growing!! There was no fever!!!

Thank you for your prayers and GOD Bless,
